

Software Availability, Cost, and Access
Iowa Board of Regents Microsoft Campus Agreement (MCA)
Iowa State University
Effective September 1, 2007-August 31, 2008

Iowa State University is a participant in the Iowa Board of Regents Microsoft Campus Agreement version 3.4. Under this agreement, covered software may be installed on any computer OWNED OR LEASED by Iowa State University

Each administrative unit (college/department/office/center) is required to submit the MCA Contact of Record Form before having access to software (media and electronic distribution). Each unit's Contact of Record (COR) is responsible for compliance with software license terms, as well as applicable Iowa State and Iowa Board of Regents policies relating to the agreement. In addition, each unit is responsible for:

- Tracking and documenting the installation of products acquired through the MCA
- Tracking and documenting the distribution of MCA media
- Tracking and documenting the duplication of MCA media

These records must be available upon request in accordance with agreement terms.

Software Availability: Software available through the MCA is distributed electronically via an on-campus server.

Available software includes:

- Microsoft Office 2007 Enterprise Edition
- Microsoft Office Macintosh 2004 Professional Edition*
- Microsoft Windows Upgrades**
- Microsoft Visual Studio Professional
- Microsoft Office SharePoint Designer 2007 (FrontPage)

Older versions of all covered software may be installed under the terms of this agreement. Units may use existing media to continue installation of older versions.
